TOMMY SESLER CRUSADE SCHEDULED AT RUSTBURG HIGH SCHOOL

From July 17th through July 22nd, the Central Virginia Tommy Sesler Crusade will be held at the Rustburg High School stadium beginning at 7:30 p.m. each evening.

This crusade is a unified effort on the part of many of the churches in the area to bring a non-denominational type of revival to the area. This will give every participating denomination the chance to lay aside their differences and direct their attention to the Salvation Message brought by the Evangelist each evening.

This crusade is under the direction of a layman, Steve Poole, Concord, and Rev. Doyle Chauncye, pastor of Liberty Baptist Church in Appomattox, who are serving as co-chairmen.

The operating committees are made up as follows: **Ushers** - David Martin, Claude A. Moore, **Arrangements** - James Carwile, Marshall Goin, **Publicity** - Hunter Jones, Franklin Vaughan, **Finance** - J. D. Crance, Richard Robinson, **Prayer** - Rev. David Torrence, Rev. Edward Leonard, **Follow-Up** - Rev. Frank Casper, Rev. E. V. Mitchell, **Counseling** - Rev. Melvin Winters, Jack Caldwell, **Visitation** - Rev. Don Wagner, Rev. A. M. Taylor, **Music** - Rev. Jim McClung, Mrs. Joyce Vaughan, and **Youth** - Rev. Phil Bailey, John Gillette, Jr.

As the time approaches, more will be heard through the various announcements by the operating committees.

Shown above are committee co-chairmen present at a kick-off supper held in April at Rustburg High School.

THE ALLIANCE STORY

WEBB'S TIRE COMPANY is proud to introduce a new tire to Appomattox. It's the Alliance Steel Belted Radial.

Recently the Delta Buyers Co-Op of Charlotte, North Carolina inspected the Alliance Tire Company's production Facilities in Hadera, Israel. Here they encountered the most modern tire making methods being put into practice by personnel who took great pride in manufacturing a product of the highest quality. Because of this combination of the latest tire production technology with great skill and care in workmanship, the Delta inspectors found the Alliance plant to be one of the best in the world.

The Alliance Tire Company sells over 90 per cent of the tires sold in Israel. Recently they have made great inroads in the U. S. Market. WEBB'S TIRE COMPANY now brings you this excellent quality tire at these affordable prices.

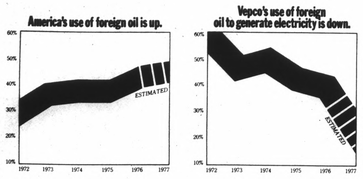
KEEPING YOUR ENERGY COSTS IN LINE.

The cost of fuel used to generate electricity is a major influence on electric bills, and Vepco is working to keep those costs down.

Since the Arab oil embargo of 1973, America has *increased* its use of foreign oil. In 1976, over 45% of the petroleum products used in the U.S. came from foreign sources.

Vepco, however, is using less oil to generate your electricity. In 1974, about half of your electricity was generated by burning residual oil. Last year, that figure dropped to 40%. In the next two years it is expected to drop to about 20%.



Nuclear and coal-fired generation are taking the place of oil. Pumped storage hydro is being built to help meet your peak needs for electricity while eliminating need for oil for alternative peaking generation equipment.

Vepco

America is a powerful idea. Let's keep it that way.

BY CALVIN ROBINSON

Monday, June thirteen. Up early as usual and driving over town to fetch the mail and morning papers what would I see but a horse entering the school grounds! Traveling too slow to be Seattle Slew. Was entering the school grounds from Route 460 opposite the cannery. Unembumbered by bridle or saddle or attendant. Comment....looking for the green grass on the other side of the street?

I find the word "gnat" mentioned only once in The Bible, Matt. 23-24. But plenty of gnats in and around Appomattox. Got so I could not stay in my modest garden long enough to discourage weeds, so I purchased a small bottle of Citronella. Put some on my garden cap. Hope it works to keep the gnats away but may have to use some sweet-smelling ointment on my head before entering the house.

Free adv. The Ford Motor Co. was founded June 16, 1903. They should buy back my '63 model as an example of how long a car will serve if given a good home and loving care. Ah yes, I once drove a Model T the length of Broadway in New York City and drove a later model to Hollywood, down the Pacific Coast, across Texas, to Key West, etc. The last two cars I have owned totaled some 250,000 miles. But, to be fair, I once owned an excellent Plymouth and the Chevrolet is a whale of a good car. Aren't we lucky in America to have such good cars available, such good roads and so many great places to go. Comment: I read that in Italy gasoline is $2.57 per gallon. Please do not waste precious fuel. I have recently rationed my car to not over ten gallons per week and actually am not using that much.

Experience suggests to me that a writer is better off using simple words. Not so all reporters, for in three Sunday newspapers, I noted such words as...gerontophratia, meritiriousness, paradigmatic, ethnoscience. Wow. Add in adumbrating and ineluctably.

Travel season is peaking, and let us welcome all visitors to Historic Appomattox, A Growing Town. I note that there are some 6,000 motel rooms in the Williamsburg area and some 5,000 motel and hotel rooms in the Virginia Beach area. Add in the total business from restaurants, gasoline, and allied travel services and tourism is indeed big business. Let us make traveling safe, educational and pleasant. The travel dollar means a lot to Appomattox.

I do not need much of an excuse to put off lawnmowing. So dry over the week-end I had no trouble putting it off. Give the grass a chance, I told myself, right or wrong.

* * *

We are never satisfied. I am lucky to have an abundance of daylilies, but wish they might last longer when cut and brought into the house for room decoration.

Flag Day comes this week. It's a grand old flag, a high-flying flag..three cheers for the Red, White and Blue. And I think June 25th is the anniversary of Virginia becoming the 10th State in the Union.

Thanks for reading, and see ya next week.

Appomattox County Fails In Fund Bid

Will Appeal

Two counties and the City of Lynchburg have been knocked out for the second time in their efforts to get federal public works money, but Appomattox County isn't giving up yet according to the Board of Supervisors at the Friday morning meeting.

Lynchburg and Nelson County, as well as Appomattox, failed to get money in the $4 billion second round of the Economic Development Administration's public works job stimulus program.

The Appomattox County Board of Supervisors voted Friday to appeal the rejection of its application for $400,000 to build a new jail, a project rejected in January during the first round.

Our county has an 8.7 per cent unemployment rate, but failed to qualify because of a last-minute shift in the program, according to W. R. Briton, Jr., Special Projects Secretary to the Board of Supervisors.

Briton said the funding guidelines as listed in the Federal Register has left officials optimistic that virtually every Virginia county would get some money.

However, when the allocations came from the EDA most of the funds were directed toward jurisdictions of 50,000 or more or to growth centers, Britton said.

In other business, the board voted to donate $1500 to the Pamplin Community Center, Inc., $1000 to the Appomattox County Youth Association, and $500 to the Town of Appomattox ball park.

Cannery Workshop Set

Agriculture, cannery and home economics instructors in Appomattox, Bedford, Buckingham, Campbell, Charlotte and Mecklenburg counties will take part in a workshop on cannery management in the Appomattox Middle School, June 22-23.

Appearing on the program will be A. D. Dell'Aria, Va. Dept. of Agriculture and Commerce; Dr. J. D. Baldock and Dr. F. W. Cooler, Food Science and Technology Dept., VPI&SU; and R. B. Carter, Director of Vocational Education in Appomattox County.

The theme of the conference is "Maintaining Proper Sanitation and Process Control." Nearly fifty school canneries will be operated in Virginia this year by local school systems in cooperation with the Agricultural Education Service of the State Department of Education.

"State Farmer" Degree Conferred Upon Dennis Torrence

Blacksburg, Va., - Dennis W. Torrence, instructor of agricultural education in the Appomatox County High School, was honored with the highest award of the Virginia Association FFA. Thursday evening. The honorary degree of "State Farmer" was conferred upon Mr. Torrence.

He is a native of Appomattox County and received his education in the public schools of Appomattox County, Virginia Polytechnic Institute, and the University of Maryland.

Mr. Torrence began his career in agricultural education as instructor of agricultural education in the Appomattox High School in 1963. After a tour of active duty as an officer in the Armed Forces, he returned to Appomattox County where he served as an instructor in the Junior High School & in his present position.

Under his leadership, nearly fifty Appomattox students have earned the active State Farmer Degree. Five of his former students have attained the American Farmer Degree.

Mr. Torrence is married to the former Patricia Thomas. They have one son, Dwayne.

Carson Named Star Farmer

Danny Carson, a member of the Appomattox County FFA Chapter, has been named 1977 Star Farmer of Southside Virginia. Carson, 18, is the son of Mr. and Mrs. Daniel E. Carson, RFD 4, Appomattox.

Beginning in 1972, with three heifers, Danny has steadily increased his dairy enterprises. He is now a stockholder and officer of Carson Farmers, Inc.

His accomplishments will be considered along with those of five other area winners in determining the State Star Farmer. Presentation of the state award will be a feature of the 1977 State FFA Convention at Blacksburg June 14-17.

Pamplin Council Sets Clean-Up Dates

The Pamplin Town Council has set June 15 - 30 as Town clean-up dates.

All trash and debris will be picked up on regular collection days, Monday and Thursday.

Rescue Squad Answers 60 Calls In May

Sixty emergency calls were answered by volunteer members of the Appomattox County Rescue Squad during the month of May. The *Life Pak 5* heart monitor was used on seven of the patients, monitoring their heart pattern on the trip to the hospital, seven persons required oxygen and seven persons were treated for injuries in five automobile accidents.

Members traveled a total of 2,798 miles responding to the sixty calls and spent a total of 261¾ manhours.

A breakdown of the calls is as follows: cuts, 2; transports by doctor request, 2; broken bones, 6; heart attacks, 5; wrecks, 5; abdominal pains, 2; illness, 5; maternity, 1; strokes, 5; chest pains, 3; overdose, 1; bicycle accident, 1; convulsion, 1; falls, 2; diabetic, 2; burns, 1; false call, 1; breathing difficulty, 4; kidney stones, 1.

In addition to responding to the emergency calls, members spent 35¾ hours with CPR training in vehicles and spent 9¾ hours participating in a mock disaster at the Lynchburg Foundry in Lynchburg.

National Honor Society Elects Officers

The National Honor Society at Appomattox County High School elected its new officers for the 1977-78 school year on Wed.,May 25, at the monthly meeting. Those elected were Rindy Lawson, president; Alen Duff and Bernice McIvor, vice presidents; Marlene Moore, secretary; Ronnie Richardson, treasurer; Doris Hughes, reporter; and Laura Shorter, chaplain.

The new officers were inducted during the club's final meeting for the school year. This also marked Mrs. Mary Grey Holland's last year as the National Honor Society Advisor. The Honor Society is truly indebted to Mrs. Holland for her efforts in establishing the Honor Society as it is today.

The best of luck is wished to Mrs. Mary Turner who will be our Honor Society's Advisor next year replacing Mrs. Holland.

Deadlines For FmHA Drought Loans

The Farms Home Administration (FmHA) will receive applications until Sept. 30, 1977, under special loan programs initiated by President Carter to assist farms and improve community water systems affected by prolonged drought.

FmHA W. E. Mosby, County Supervisor said the application deadline was designated by a federal interagency Drought Emergency Coordinating Committee in naming areas eligible for benefits of the special programs. Appomattox and Campbell counties in Virginia are among the areas designated.

FmHA farm emergency loans covering losses from drought and providing additional credit needed to restore production are available to farmers who lack other sources of credit. Loans, which may be supplemented by grants, are available for emergency measures such as deepening or drilling new wells to improve community water systems adversely affected by drought.

Another deadline applies to emergency water system projects: they must be completed by Nov. 30, 1977.

W. E. Mosby said the FmHA office for Appomattox and Campbell County, at Branch & Bryant Bldg. 460 West, Appomattox, Va., can supply further information on terms of the special drought emergency programs.

Appomattox and Campbell County, Va. - - Rural areas that have suffered substantial losses and hardships due to a diminished water supply caused by abnormal drought conditions may be eligible for loans and grants from Farmers Home Administration (FmHA).

The loans and grants are part of a program of special Federal assistance to drought-stricken areas announced recently by President Carter, according to W. E. Mosby, FmHA County Supervisor for Appomattox and Campbell County. FmHA is a rural credit service of the U. S. Dept. of Agriculture (USDA).

The special FmHA loans and grants may be made to eligible applicants in Federally designated drought disaster areas when needed to provide an adequate water supply to those communities faced with severe problems as a result of the drought conditions.

Assistance may be provided for the construction, enlargement, extension, or improvement of water facilities to improve drought caused problems. This assistance may include, but would not be limited to deepening existing wells, drilling new wells, developing a new water source or extending water supply lines to other water sources.

The deadline for applicaitons and certification of eligibility is Sept. 30, 1977. Projects must be completed by Nov. 30, 1977.

The special FmHA aid will come from funds in addition to those already allocated for the current fiscal year for FmHA's Water and Waste Disposal loan and grant program. The supplemental appropriation provides $150 million for loans and $75 million for grants.

FmHA makes loans for water and waste disposal systems in rural areas and communities of up to 10,000 population to public bodies and non-profit organizations. Loans are made at 5 percent interest and for up to 40 years. FmHA also may make grants of up to half of the eligible project development cost if needed to bring user fees to a reasonable level. Two Area Schools Participated In Self-Study Program

During the past two years Appomattox Primary and Appomattox Elementary Schools participated in a self-study program sponsored by the State Department of Education. Representatives of the two schools met with members of the State Department of Education on May 25th to share experiences, to make suggestions regarding the study and to plan for continued activities related to the evaluation program.

Pictured above L. to R. are Mrs. Patricia Torrence, APS Principal; Mrs. Carolyn Coleman, Chairperson of Evaluation Steering Committee; Mr. Robert Williamson, AES Principal and Dr. W. E. Campbell, State Superintendent of Public Instruction, who presented certificates to the two principals in recognition of the completion of the state program.

Pamplin Elementary School completed the same program but was not included as one of the schools sponsored by the State Department. The State Department of Education sponsored no more than two schools in one division.

FmHA To Guarantee Loans

The Farmers Home Administration has begun a program through which it will guarantee rural housing loans made by commercial banks, savings and loan associations, and other private lenders, W. E. Mosby, FmHA County Supervisor for Appomattox and Campbell Counties, announces.

FmHA, the rural credit agency of the U. S. Department of Agriculture (USDA), will guarantee up to 90 percent of the principal and interest of these loans.

Guaranteed housing loans will be available for moderate-income borrowers who cannot get housing mortgage credit without a guarantee. Applicants who cannot qualify for guaranteed loans may apply for loans made by FmHA.

At present, the USDA agency will offer loan guarantees only under its single-family housing loan program. FmHA will continue to make single-family housing loans with its own funds. It will also continue to make but not guarantee loans for rural rental housing, farm labor housing, housing site development, and other purposes.

Single-family housing loans are made in open country, towns of up to 10,000 population, and certain designated towns of between 10,000 and 20,000 population. They finance modest but adequate housing and related facilities, Mosby explains.

Loans may be used to buy, build, improve, repair or rehabilitate houses and related facilities, and to provide adequate water and waste disposal systems.

Guaranteed loans will be made only to applicants with moderate income, defined by FmHA as adjusted gross

Small Vote Recorded

With 4531 registered voters in the County of Appomattox, approximately 1378 voters went to the polls Tuesday for the Democratic Primary, one of the smallest number of votes ever recorded here.

Candidates for Governor of the Commoswealth in the primary were Andrew P. Miller and Henry Howell. For Lieutenant Governor, the three way race included Ira M. Lechner, Charles S. Robb, and R. S. Reynolds, 111, and four candidates for Attorney General were Edward E. Lane, John L. Melnick, John T. Schell and Edwin S. Solomon. Locally, voters had to choose a representative to the House of Delegates. Running for this spot in the primary were Claude Anderson, incumbent, and Kenneth M. Bryant.

As candidate for Governor in the June 14 primary, Miller carried 7 of 10 precincts in our county, 8 of the 10 precincts were carried by Robb, Lane carried 9 precincts and tied with Schel in the other, and Anderson carried 8 of the 10 precincts.

Voters in Appomattox County cast 832 votes for Andrew P. Miller for Governor of Virginia as opposed to the 524 votes cast for his opponent, Henry Howell.

Charles S. Robb carried our county for the office of Lieutenant Governor with a total of 706 votes. Lechner received 201 votes and Reynolds received 286 votes. To qualify for the Democratic candidate for Attorney General, Edward E. Lane pulled in 744 votes as opposed to the total of 145 votes cast for Melnick, 201 votes cast for Schell, and 157 votes cast for Solomon.

Claude Anderson, incumbent, polled a total of 937 votes in his bid for the Democratic representative to the House of Delegates while Bryant received a total of 383 votes.

All above votes are final but from the unoffical tabulation.

Throughout the State of Virginia, Henry Howell won the Democratic nomination by a close margin in an upset over Andrew Miller.

"Chuck" Robb easily defeated opponents Lechner and Reynolds and Ed Lane had no

4-H Bicycle Rodeo Held

Eight 4-H members took part in a Bicycle Rodeo held at ACHS this past Saturday. The event was co-sponsored by the Appomattox County Farm Bureau Women's Committee, who provided special prizes for the five top riders.

The Bicycle Rodeo consisted of written quiz to test the riders knowledge of bicycle rules & regulations. Following the quiz, Sheriff Gene Richardson talked to the 4-H'ers about special laws applying to bicycle riders.

Special skill riding events proved to be a tough challenge for the 4-H'ers as they were scored on their ability to ride through numerous courses. Following the riding events, scores were totaled and ribbons and prizes awarded by Mrs. Frances Gilliam and Mrs. Warren Coleman of the Farm Bureau Women's Committee.
